Dear Calvin,

We are so proud of you and the amazing young man you have become. You have always brightened the space around you with your smile, wit and sense of humor. As you begin your journey in college, continue to follow your dreams and reach for the stars. We wish you all the happiness in the world. Congratulations!

We love you!
Dad, Mom, Peter, Taylor and Jesse

Dear Sean,

Its time for you to take your victory lap – a much earned one after 4 years of tremendous dedication, hard work, late nights, press weeks, volumes of bubble tea, hours spent in Great Bear Coffee, burning candles, and runs to Cupertino for midnight snacks.

You have no idea what it's like to watch someone grow up before your eyes. We have enjoyed every single minute (well, maybe not exactly every minute)! You were a charming, blue-eyed, curly-haired perfect boy the minute we met you and your bright, golden light has never dimmed. We are unspeakably proud of the young man you have become inside and out.

We love you. This day. Every day. Forever. Take that knowledge with you into beautiful corners and brave new worlds we know you will explore. Let it warm you when you are missing us (because as annoying as we are, you will). The best is yet to come and we literally (HA), cannot wait to see what you do! Love, Mom, Dad, Justin, Bryce, Ty, Vegas, Coco and Pippi
